WORK EXPERIENCE

Business Manager | Ministry of Justice (Civil Service)

Dec 2020 - March 2023

- Analysed business information and compiled reports for senior leaders and corporate heads
- Utilised operational and management information systems to monitor and report on performance, identifying issues that may impact performance
- Promoted a culture of innovation and continuous improvement, undertaking reviews and making recommendations
- Provided IT-based financial advice and support, including agreeing budgets and unit costs, making proposals for expenditure, and managing budgets and unit costings for activities
- Collaborated with NPS and NOMS colleagues to maintain effective controls in Service Level agreements and other contracts
- Completed DPIAs via Excel to minimize data protection risks for service users
- Ensured effective management of health and safety within the operational portfolio
- Managed the clusters approach to Business Continuity, Information Security, and Data Protection

Business Support Officer | London CRC (Probation Service)

2020

- Analysed data and prepared reports to support area-wide quality improvement
- Provided business and project support to the Area Manager to enable effective work
- Liaised with staff to receive, collate, and analyse information, using data to identify trends and enhance performance
- Planned, implemented, and managed systems for the exchange of sensitive information, data, and intelligence
